

SETTLEMENT OF COAL STRIKE IN OHIO IS IMMINENT

Reported That Governor Cox Would Grant New Wage Increase.

OHIO MINERS TO ASK PERMIT TO RESUME WORK

Fifty Leading Coal Operators of State In Conference With Governor.

Columbus, Dec. 5.—Settlement of the coal strike in Ohio was very near to day, according to reports from the office of Governor Cox at noon.

At that hour the governor was in conference with approximately 50 of the leading coal operators of the state, following several conferences with officials of the Ohio miners union.

It was reported that Governor Cox was attempting to bring about a settlement of the strike upon a wage scale higher than the one containing a 14 per cent increase proposed by the federal government. Unofficial reports said the proposed scale of settlement would involve an increase of from 18 to 25 per cent.

Should an agreement be reached, it was said that the Ohio miners would ask permission from the national union to settle the strike and return to work in Ohio.

While Governor Cox was conferring with the operators, the mine officials were meeting behind closed doors at their state headquarters here.

Before going into session with the governor at the executive office in the state house A. A. Augustus, president of the Cambridge Collieries company, one of the largest operating companies in the state issued this statement:

"Speaking for my own company, we are willing to abide by any settlement Governor Cox may make with the Ohio miners. No matter what wage scale is decided upon, we are willing to pay it. In this we make no reservations."

Among the big coal operators attending the governor's conference were C. E. Mauer of Cleveland, M. S. Galigher of Cleveland, T. K. Maher of Cleveland, James Harper of Cleveland and J. E. Jones of Columbus.

At 12:15 o'clock the conference between Governor Cox and the coal operators adjourned for lunch. The conference will be resumed, it was announced, at 1:30 o'clock. No statement was made by either Governor Cox or the operators.

The union leaders were still in executive session at their headquarters.

Following the noon conference, it became known that Governor Cox made a definite proposal to the operators for a settlement basis.

The operators it was said, will meet at a hotel at 1:30 to consider this proposal, the exact terms of which were not made known. They will meet with the governor again at 2 o'clock.

Prior to the 2 o'clock conference, however, the union leaders held another conference with officials of the United Mine Workers of Ohio.

OKLAHOMA HAS MARTIAL LAW IN ITS COAL FIELD

Governor Says Action Was Necessary to Preserve Order and to Quell Hostile Outbreaks Against Peace.

McAlister, Okla., Dec. 5.—Governor Robertson has issued a proclamation declaring martial law in Pittsburg, Latimer, Leflore, Coal, Haskell and Oklahoma counties to take effect immediately.

In his proclamation, declaring martial law, Governor Robertson announced that he has ordered on duty the entire national guard organization of the state to occupy the coal fields, "to preserve order in the present crisis."

The proclamation sets forth that martial law was necessary "to quell hostile outbreaks against the public peace to secure coal for fuel purposes, prevent sabotage and criminal syndicalism and restore the mining section to its normal condition."

Brigadier General Charles F. Barrett, adjutant general of the Oklahoma national guard, will command the troops.

BOLSHEVIKS CONTINUE ADVANCE IS REPORT

London, Thursday, Dec. 4.—Bolshevik forces are making a general advance along the entire Denikine front and have captured the towns of Kozletz, Romny and Bormeia, while fierce fighting is proceeding for the possession of Belgorod, according to a Bolshevik official statement received here.

On the eastern front, the statement declares, the Bolsheviks captured, on December 1 of the city of Kainski, 160 miles east of Omsk.

FOREIGN EXCHANGE DROPS IN NEW YORK

New York, Dec. 5.—Sterling exchange continued its downward course today, with the pound dropping to a low of 124.75, the lowest since the outbreak of the war. The German mark declined to 2.2 cents.

AMERICAN DUCHESS READY TO OFFER SELF AS CANDIDATE FOR PARLIAMENT

The Duchess of Marlborough, who was Consuelo Vanderbilt, is reported, ready to follow Lady Astor's example and offer herself as a candidate for parliament. The duchess was the first American born woman to be elected to the London county council, as Lady Astor was the first to win a seat in the house of commons.

ARRIVAL OF ADJUSTERS IS AWAITED BEFORE REBUILDING IS PLANNED

Insurance Men Will Reach City Today Local Agents Announce—State Inspectors Will Pass on Extent of Hazard In Damaged Buildings.

Insurance adjusters probably will arrive in the city today to adjust the losses in the big fire in West Main street which practically destroyed two big business blocks Thursday night and temporarily forced four firms out of business.

Representative Lippincott of the Central Adjustment company of Columbus is expected to arrive this afternoon and a representative of the Grocers Insurance company of Springfield is expected at the same time. In case they complete work on the loss to the Schaus grocery the proprietors will open a fire sale of groceries to narrow in their present location if the fire marshal's department grants permission to use the room.

One of the Schaus Brothers, proprietors of the store, stated today that they had leased a room in Canal street opposite the new market house which they would use to store new goods until they could locate permanently and in the meantime would dispose of the stock which was not damaged by the water which dripped through from the rooms above the grocery.

Long's department store opened an office today in the premises on which the front window and a small space adjoining. A bookkeeper and stenographer will have charge of the office and the proprietor, G. H. Long stated that all those having business with the firm could call at the store and have it adjusted without trouble. Gas stoves and telephones were installed this morning in both the Long and Schaus rooms.

Frank A. Tolton stated today that it was to early to announce any definite plans regarding the disposition to be made of the premises on which the Long store was located. He said however that something would be done in the way of a new building but that it would not be as conspicuous as the old Music Hall. As soon as adjusters set to the insurance his tenant, Mr. Long will clear away the debris he said after salvaging stock which can be placed on the market and plans would then be agreed upon for a new structure.

J. C. McFarland, who operated the barber shop in the Rider room stated that he was ready to open for business again just as soon as permission was given to use the room. He carried no insurance but managed to save much of the fixtures and furniture in his shop. Water was still dripping in the back end of the room but the gas has been turned on and he expects the room to be dry enough to use tomorrow.

Frank Moranetti, who operated a shoe shop together with a candy and tobacco store and who also had a pool table in his place in the basement under the Schaus grocery was at work early this morning in his water soaked shop. He stated that he carried no insurance and was left without a dollar. He began business a few months ago and as fast as he earned money put it into the business, purchasing tools and stock, nearly all of which was ruined by the fire. He has been endeavoring to locate in some other room.

MEXICAN BANDITS RAID STORE ON AMERICAN SIDE

Store Owner is Bound and Place Rifled—Mexicans Steal Horses and Flee Across Border.

Houston, Tex., Dec. 5.—General J. F. Wolters, commanding the Texas cavalry with headquarters here today received advices of a raid by Mexican bandits on a store near the border, 11 miles south of Zapata, county seat of Zapata county.

The information is that the owner of the store was bound, and that the place was looted and the bandits fled across the border. The report was telephoned by W. M. Hanson, a captain in the ranger service who is serving as special examiner of the senate investigating committee.

Captain Hanson, in his message stated information of the raid was given by County Judge Spohn, of Zapata county. Judge Spohn reported the store keeper, Zerapi Vela, was the only person molested by the raiders, who escaped across the border with several stolen horses heavily laden with merchandise, taken from the store. How many bandits there were has not been ascertained.

FOUR ARE SHOT IN AKRON CRIME WAVE

Akron, Dec. 5.—Four persons are in hospitals here today suffering from bullet wounds received during a wave of crime which swept Akron last night. Victor Nichols, 25, shot his wife through the neck and then sent bullets into his cheek and jaw when his efforts to effect a reconciliation resulted futile.

Joseph Smalear, 30, was shot in the knee by Patrolman Henry Krause during a chase which followed Smalear's alleged attempt to enter a near-beer saloon by breaking a plate glass window.

Walter Cheatham, 30, negro was shot through the right lung and abdomen during a fight over a card game.

OFFERS AVIATION PRIZE. New York, Dec. 5.—A prize of \$100,000 has been ordered for the invention of an airplane which will rise and descend vertically. Announcement of the offer, made by Edouard and Andre Michelin, French tire manufacturers, through the Aero Club of France, was made today by the Aero Club of America.

GARFIELD TAKES FULL CHARGE OF COAL SITUATION

Attends Cabinet Meeting After Conference With Attorney General.

OPERATORS DENY THEY WILL OFFER MINERS INCREASE

Declare They Act Entirely Within Limits Set By Government.

Washington, Dec. 5.—Fuel Administrator Garfield returned to Washington today from Williamstown, Massachusetts, to take personal charge of the coal situation. After a conference with Assistant Attorney General Ames he went to the White House to attend the cabinet meeting. Director General Hines also met with the President's official family.

Dr. Garfield appeared to be optimistic. He said coal production was getting closer to normal although the stringency in the middle west was acute.

Members of the general committee representing the coal operators who remained in Washington after the adjournment of the general conference of operators yesterday, denied in a statement today published reports that they had considered offering any amount to the miners considerably greater than the 14 per cent wage advance suggested by Dr. Garfield. President Seales, of the Illinois Operators Association, speaking for the committee said the operators never had considered action in opposition to Dr. Garfield's proposal and that they were acting entirely within the limit suggested by the government.

When the conference between the miners' officials and Governor Cox ended shortly after 2 o'clock, it was announced that Governor Cox had made the union officials the same proposition he made this noon to the operators. The union leaders retired to their headquarters to consider it. The operators were still in session at a nearby hotel.

According to state officials 750,000 men in Ohio will be out of employment at the nation wide strike is continued another ten days. Already a great number of plants in the state are curtailing their operations and in some instances have shut down. All Springfield manufacturing plants, except those handling food products will be closed tomorrow and Monday but will reopen Tuesday.

It is said that a large number of operators in Ohio are willing to sign a new contract on a basis that would be acceptable to the miners. Furthermore it was the opinion of those attending today's conference that should a settlement be effected in Ohio, other districts in the great central competitive field, comprising besides Ohio, Indiana, Illinois and Western Pennsylvania, would follow suit.

Members of the district executive board, of the Ohio miners organization who met with the governor at 11 a. m. today were:

John Moore, president; G. W. Savage, secretary; Lee Hall, vice president; and the following state officials: William Robinson, Jacksonville; George Cecil, Wellston; Thomas Price, Midvale; John Saxton, Salinasville; William Roy, Bridgeport and W. C. Thompson, Cambridge. All are members of the general executive committee for the competitive field, representing their respective districts.

Latest reports reaching the state capital today emphasized the seriousness of the fuel situation. Ohio interurban railways, will be forced to curtail service in the near future unless some relief comes to hand. The Ohio Electric Railway at Springfield reported sufficient fuel to last several days.

Curtailment of passenger service on steam roads operating in the state is expected to be ordered following a conference or regional directors of the railroad administration in New York.

No actual suffering of consequence has been reported from any Ohio points yet, but state officials are of the opinion that unless measures are taken to open the mines, the lack of fuel threaten serious possibilities—even perhaps as regards the domestic supply to homes and stores.

Public health authorities have received no orders to curtailment of electric power as a conservation measure, but are said to be practicing voluntary conservation.

Ohio is expected to fare better because of the proximity to the non union coal fields of Kentucky, West Virginia, than some states much further removed. The Norfolk and Western and other roads operating out of West Virginia are said to be hauling more coal than before the strike.

NEW YORK SUBWAY TRAINS ARE COLD

New York, Dec. 5.—New York's subway and elevated millions, began today to carry their own heat with them as a coal conservation measure. Electric heating of trains was suspended during the rush periods. Officials said it meant a saving of 1,000 tons of coal a day. Beginning tonight the "great light" in the theatrical district will go into partial eclipse. Big electric signs will be operated only between the hours of 7:30 and 8:30 p. m.

JURY TO PROBE STRIKE

Charleston, Dec. 5.—H. H. Kelly, United States district attorney for the southern district of West Virginia, announced today that a special grand jury had been called for next week to investigate charges growing out of the coal strike.

LANCASTER PLANT CLOSED

Lancaster, Dec. 5.—Because of a lack of coal, the plants of the Lancaster Rubber company and the Paper Mill company shut down today, throwing 300 men out of work. The city waterworks has coal enough for only two more days.

FLIESCHMAN IS SUED

BERKMAN AND GOLDMAN TO BE SENT TO RUSSIA

Two Anarchists Are Now at Ellis Island Awaiting Steamer For Hothbed of Bolshevism.

New York, Dec. 5.—Alexander Berkman and Emma Goldman, his companion in 30 years of anarchistic activities, were sent from the mainland of the United States today, probably never to return.

After being deported for urging overthrow of the government, they were taken by ferry from the tip end of Manhattan to the immigration station at Ellis Island where they will be held until a ship is available to send them to Russia, whence they came. Their liberty on bail expired when they were surrendered by their counsel at the demand of the department of labor.

Berkman's career in America came to an end when Henry Clay Frick, whom he once attempted to assassinate, was being buried in Pittsburgh.

As soon as they surrendered their attorneys started habeas corpus proceedings in the United States district court on the ground that the government had not the right to deport Berkman and Miss Goldman for an "attitude of mind" or for the holding of "political, social or economic views."

The petition sets forth that they were legally admitted to this country more than 30 years ago and neither of them was an anarchist at that time.

Their deportation, the petition contends would be ex post facto, that they cannot be deported to Soviet Russia because the United States has not recognized the Bolshevik government and to deport them to territory held by the white guards would mean a sentence of death. The claim also is made that Miss Goldman is an American citizen, having become so by her marriage to Jacob A. Kersner.

Berkman predicted a revolution in the United States within five years and said that he did not mind being deported so long as he was sent to Soviet Russia.

Miss Goldman also predicted a revolution in this country but added that she would not call it a danger but a working out of evolution and a blessing.

LONDON HEARS OF THREAT BY ALLIES

Rumor on Stock Exchange To Effect That Supreme Council Threatens to Occupy Essen and Frankfurt.

London, Dec. 5.—There was a persistent rumor in the stock exchange this morning that the supreme council of the peace conference had threatened Germany that unless the final peace terms were agreed to, allied troops would occupy Essen and Frankfurt. Up to this time the market has not been affected by the report.

Official announcement that Field Marshal Wilson has gone to Paris in response to an urgent summons to consult Marshal Foch in connection with the peace treaty, is regarded by some morning newspapers as of considerable significance. It is printed along side the address made in Glasgow last evening by Andrew Bonar Law in which he said he believed the allies had the power, and if necessary, will exercise it to insure ratification of the Versailles treaty by Germany. It is suggested that steps to exert pressure on Germany may be imminent.

"There has been enough solemn finger wagging at the Germans, who have come to think it safe to defy the allies," says the Daily Mail in commenting on the situation.

"A wise merciful course will be to tell them plainly that if within a fixed time they do not comply with the allied conditions and fulfill the treaty terms, the blockade will be renewed."

JENKINS IS RELEASED FROM MEXICAN PRISON AMBASSADOR SAYS

DISPATCHES FROM AMERICAN EMBASSY ARE RECEIVED AS SENATORS CALL ON PRESIDENT WILSON AT WHITE HOUSE.

CALLED TO DISCUSS QUESTION OF BREAK WITH CARRANZA GOVERNMENT

Yankee Consul Was Released From Puebla Last Night—Was Held on Charge of Conspiring With Bandits Who Kidnapped Him.

Mexico City, Dec. 5.—William O. Jenkins, the American consular agent at Puebla, was released at 10 o'clock Thursday night by order of the judge at Puebla, according to a dispatch from that city filed there at 2:30 o'clock this morning. Consul Jenkins retired immediately to his home, the message stated.

Washington, Dec. 5.—The American embassy in Mexico City notified the state department today that American Consular Agent William O. Jenkins at Puebla, Mexico had been released from custody.

Senators Fall and Hitchcock arrived at the White House at 2:35 p. m. and went into conference with the President immediately afterwards. Mr. Wilson had been up since morning and after coming down stairs in his wheel chair had spent an hour on the south portico of the White House.

It was announced at the state department that the advices from the embassy said Jenkins had been liberated last night from the penitentiary, where he had been held pending trial on charges of giving false information regarding his abduction by Mexican bandits in October.

The embassy's dispatch reached the state department coincident with the arrival at the White House of Senators Fall and Hitchcock who were instructed by the senate foreign relations committee to discuss with the President pending resolutions proposing that the President be requested to sever diplomatic relations with the Carranza government.

Washington, Dec. 5.—President Wilson will see Senators Fall, Republican, Nebraska, and Hitchcock, Democrat, Nebraska, at 2:30 p. m. today to discuss the Mexican situation.

Senator Fall announced that immediately after the conference he would make public the evidence on which he based his charges in the senate that the Mexican ambassador and consuls in the United States were circulating "red" propaganda.

Senators Fall and Hitchcock were named a committee yesterday by the senate foreign relations committee to confer with the president to seek his views on the resolution of Senator Fall requesting that the president sever diplomatic relations with the Mexican government. The Hitchcock substitute providing that congress assure the president of its support should he decide to break with Mexico also will be presented to the president.

Senator Hitchcock, it was learned at the White House, communicated with Secretary Tumulty late last night regarding the conference and said it was not necessary that the president see the senators immediately, but the president decided to have the conference today.

The senators will go to the White House after the President's cabinet has held a special meeting at which the Mexican situation will be discussed. The meeting was called today by Secretary Lansing who said he would be in the senate foreign relations committee regarding the Fall and Hitchcock resolutions and the Michigan question generally.

The request of Senator Hitchcock that the president see the senators, was referred to the Mexican question. The committee's decision to have the senators visit the White House was made after Secretary Lansing told it that President Wilson had not been consulted in the present public exchanges with Mexico regarding the Jenkins case.

Immediately afterwards arrangements were made for the conference. Senator Fall was assembling evidence on which his charges against Mexican representatives was based and for presentation to the President. The committee expects to take all the evidence to the White House so it will be available for the President should he ask for it.

Copenhagen, Dec. 5.—The Czechoslovakian government has ordered the mobilization of three military classes expected to arrive in Vienna to the National Tidende here. A Prague dispatch says that 21 divisions of Czechoslovaks are advancing toward the Hungarian frontier.

Czechoslovak's apparently have become excited by the severed diplomatic developments in Hungary, following the evacuation of Budapest by the Rumanian and the aggressiveness reported displayed recently by Hungarian frontier forces.

Will Not be One Day Without PE-RU-NA

This Lady TELLS Her FRIENDS

Mrs. Mary Fricke, 507 Bornman St. Belleville, Ill., is just one of the many thousands of ladies throughout the country who, after an agony of years, have at last found health, strength and vigor in PE-RU-NA.

Her own words tell of her suffering and recovery better than we can do it: "I suffered with my stomach, had awful cramps and headaches so I often could not lay on a pillow. Saw your book, tried PE-RU-NA and got good results from the first bottle. To be sure of a cure I took twelve bottles. I have recommended PE-RU-NA to my friends and all are well pleased with results. I will not be one day without PE-RU-NA. Have not had a doctor since I started with PE-RU-NA which was about fifteen years ago. I am now sixty-three years old, hale, hearty and well. Can do as much work as my daughters. I feel strong and healthy and weigh near two hundred pounds. Before, I weighed as little as one hundred. I hope lots of people use PE-RU-NA and get the results I did." An experience like that of Mrs. Fricke is an inspiration to every sick and suffering woman.

If you have catarrh, whether it be of the nose, throat, stomach, bowels, or other organs, PE-RU-NA is the remedy. It is not new; it is not an experiment. PE-RU-NA has been tried. PE-RU-NA has been used by thousands who once were sick and are now well. To prevent coughs, colds, grip and influenza and to hasten recovery there is nothing better.

PE-RU-NA will improve the appetite and digestion, purify the blood, soothe the irritated mucous linings, eradicate the waste material and corruption from the system. It will tone up the nerves, give you health, strength, vigor and the joy of living. Do what Mrs. Mary Fricke and thousands more have done—try PE-RU-NA. You will be glad, happy, thankful.

Man vs. Shellfish.

If a human being possessed strength as great in proportion to his size as that of the shellfish the average man would be able to lift the enormous weight of 2,078,000 pounds by pulling in the same degree as a limpet. And if the man pulled in the same degree as the cockle he would sustain a weight of no less than 3,000,000 pounds.

ARRIVAL

(Continued From Page 1)

In the down town business section but has not as yet succeeded.

Mt. Olive encampment, I. O. O. F., which had splendidly equipped club and lodge room in the Rider block, and which was made homeless by the fire, met last evening in the Buckeye band room over the Bargain shoe store but did not complete and definite arrangements for new quarters but expect to do so in the very near future. The lodge suffered quite a loss financially intangible property which could not be insured. All the effects of the hall and club rooms were destroyed but fortunately the records were saved. Several other organizations which met in the lodge room will also have to seek new quarters.

Real estate men, tenants and insurance agents stated today that the Advocate's estimate of the loss, \$108,000, was fair and conservative and that the loss probably would not exceed those figures.

The Order of the Eastern Star was to have met this evening in their room in the Rider block but owing to the fact that they lost their charter, jewels and all records, will not meet until they hear from the state organization. The only records saved were the minute book of the secretary and the treasurer's book.

Plans are being made by the owners of the Rider block for its immediate restoration. Steps already have been taken to secure estimates upon the cost of repairs and it is the intention of the owners to push the work as rapidly as possible. Mrs. C. M. Rider, said this morning. Mrs. Rider expressed the appreciation of the owners of the building for the work of the firemen in their efforts to save the building from destruction.

Records of the Eastern Star were destroyed in the fire which burned the I. O. O. F. lodge rooms early Thursday morning. Owing to the absence of the city of the record keeper Mrs. Howard Barwick, it was impossible to rescue the records from the blaze.

HOW MUCH TOBACCO WILL MY HEART STAND

A QUESTION VITAL TO EVERY MAN WHO SMOKES AND CHEWS

IT MAY COST A PRECIOUS LIFE
TO FIND OUT BY EXPERIMENT.

The heart of every user of tobacco bears a double burden. It does its allotted task and then fights nicotine for supremacy. As long as the heart wins he lives; but before the final victory of nicotine you pass through many stages of decline and decay and suffer many pangs. Hearts are like human beings—some are stronger than others, therefore some hearts will stand more tobacco than others, but there is a limit to what any heart can stand. The man who puts this additional strain on his heart a dozen times a day by smoking cigarettes, a pipe or cigars—or chewing tobacco—is taking a madman's chance with health and life to lose and nothing to win but the chance that he may not lose them. He is indulging in a costly habit at the expense of precious health. Ask any doctor anywhere, and he will tell you that using tobacco is injurious and that it is far better to quit the habit than to experiment to find how much tobacco your heart will stand without serious results.

But the thought of quitting is unpleasant to most men—even to those who know that tobacco injures them—and to really quit takes more will power than they have, and causes more suffering than they can voluntarily endure. To quit the habit make it easy for yourself by getting Nicotol tablets and taking them as directed. The habit, really quits you and its departure is a pleasure equal to its indulgence. If you want to know how much easier it is to quit the habit with Nicotol than without it, go twenty-four hours without tobacco and note what an effort it costs you, then begin using it as usual and take Nicotol tablets. At the end of a week discontinue smoking or chewing for a day and it is probable you will have no desire to resume. At least your desire will be greatly diminished and another week or two should make it not only possible, but a pleasure to quit.

NOTE: Dr. Connor, formerly of Johns Hopkins Hospital, under whose advice Nicotol has often been used, said when this statement was shown to him: "I have known Nicotol to conquer the tobacco habit in less than ten days' time and I can, therefore, recommend it highly." When the doctor's statement was shown to one of our leading druggists he said: "Nicotol is truly a wonderful remedy for the tobacco habit, way ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol is sold in this city under an iron-clad money-back guarantee by all up-to-date druggists, including T. J. Evans.

"The Store of Newark—Where Quality and Service Count"

MRS. THRESHER DIES IN EAST

Former President of Granville Succumbs at Davis Home and Burial Takes Place at Dayton.

(Special to the Advocate)
Granville, Dec. 5.—News of the death of Mrs. Eben Thresher on October 27, in her New York home is received by Granville friends through the medium of clippings from Dayton papers, where she was taken and laid to rest by the side of her husband. Both Mr. and Mrs. Thresher were well known in Granville, where for many years the name has been honored for the benefactions of the family to Denison University. Mrs. Thresher was a leader in the religious, social and artistic circles of Dayton, where she passed 47 of the 74 years of her life.

She is survived by one son, Alfred A. Thresher, a lieutenant in the United States navy, with whom she has made her home since the death of her husband.

Funeral services for the late Rev. Dr. C. L. Seasholes, of Salem, whose death by accident occurred in that city Wednesday afternoon, will be held in the Granville Baptist church Sunday afternoon at 2:30. Rev. C. E. Stanton officiating. The funeral party will arrive in Granville Saturday evening at 7 o'clock.

Action by the student body of Denison University ratifying the plan to provide a uniform constitution for each of the four classes was taken at the noon assembly. The effect of this is to provide like machinery in each class for elections of officers, management of class finances and the like. The plan has been debated for some time and is felt to be a distinct step in advance.

Denison men and women will hereafter be given first chance in selecting teachers for the West China Mission of the Baptist church, in pursuance of an agreement arrived at recently between a committee of the American Baptist Foreign Mission society, then visiting the university and the newly formed faculty and student body committee acting for the student and volunteer band.

This means, concretely, that out of the nine men and women selected to go to China each year, for the next five year terms, the majority will be Denison volunteers. In all 49 additional workers are needed. At present there are six Denison workers in the mission. It is here, too, that the Denison Y. M. C. A. supports Dan Nye, its representative for eastern missionary work. The arrangement is not yet in final form, but will almost certainly be endorsed by the society.

Mrs. C. D. Coons was the guest of church, featuring the "Songs of Long" and "The Masquers" in the evening.

Theater goes in Granville are anticipated "Maytime" at the Auditorium, in Newark, and the "Masquers" in the evening.

Both attractions to show to capacity audiences.

W. A. Holmes arrived in Granville this morning from the Attica Institute.

He left later in the day to attend the Rio Grande abatement.

The committee on the community Christmas tree will meet this evening at 7 o'clock at the home of the chairman, Burton Case.

Proposed reduction of postal zone rate.

Washington, Dec. 5.—Reduction of second class mail rates on publications without changing the zone system of computing rates on advertising contents was proposed today in a bill introduced by Representative Fess, Republican, Ohio, who said it was submitted to him by the American.

Congressional investigation of the cost of handling second-class mail and the system of assessing charges also was proposed. Reading sections of publications would be charged 1.4 cents a pound under the bill, and the advertisement charges would be graduated, according to the parcelpost zones, charges beginning with one and one-quarter cents for the first zone and increasing one-quarter of a cent for each zone traversed.

THE CARD PLAYERS.

Some one asked the other day what had become of the craze for playing bridge whist and other card games which swept the country so furiously a few years ago? Gone, no doubt, where the tango and modern dancing had also went about the same time.

Perhaps no furore over a card game ever lasted so long or interested so many people, as was the case with bridge. Ancient high low jack, sporty poker, the euchre craze, the democratic pastime of pitch and a dozen others, all have had their day.

But bridge was different, in the universality with which it was played, from the pinnacles of high society down to the remote country village. Some played it for money, others for fun, and multitudes competed feverishly for silver spoons and other prizes. In some circles it was a nightly occupation. It ceased to be a diversion, and for many seemed to be the first object in life.

The war broke up many card playing groups. Many women realized that they had been wasting time, and they responded to the patriotic call with their usual enthusiasm. Moving pictures have no doubt diverted much interest from cards.

Bridge will always be played, as it is perhaps the best of the card games. In countless circles card playing will always be the standard amusement, though the community will be the gainer if it does not soon again reach the point of infatuation. Spending too much time on any diversion attracts attention away from community work, and sometimes breaks up home life.

The feeling against card playing has disappeared. It provides a pleasant solace for many busy people, and it is a means for keeping young folks at home. There must be good mental training in a scientific study of these games.

SUGAR HOARDERS.

Conditions in the sugar trade continue a subject of some mystery, and millions of Americans want a better explanation of the reasons for the present famine. The short supply of this necessary of life has been a most burdensome inconvenience and has interfered with the nourishment of the people.

The charge is constantly repeated that the reason for the shortage is that large quantities of sugar are being held back for higher prices expected to prevail when government restrictions are removed. Now it is quite possible that prices will have to go higher in order to encourage the production of a sufficient supply.

A large part of the world's stock used to come from Russia, Austria and Germany. These countries will be disorganized for years. The shortage from these fields will have to be made up elsewhere. The price will have to be sufficient to make it worth while to produce this crop in sufficient volume.

But so long as the price of sugar is controlled, it is the patriotic duty of everyone holding sugar to cooperate with the government and abide loyally by whatever decision the government makes in regard to price. Holding sugar out of the market will create the greatest indignation against anyone guilty of it.

People who know of any hoarded sugar, or of any stocks held back from public consumption, should communicate the fact to the proper authorities, who should proceed drastically to force such supplies on the market. It seems unlikely that large stocks are being held in that way. One would naturally think that the government long before this would have forced

It is not possible to know how far the influence of any amiable honest-hearted, duty doing man, who has put the world at his disposal, is going to be. It is very possible to know it has touched one's self in going by—Dickens.

Both Perfect.
"I never knew," said Liram Gaul, "that just one man without a fault." "Well, well," agreed Hosea Guy, "believe me you, no more did I."

The Young Idea.
Aunt Cathie says: "We have a new teacher at our school this year, which she is a nees o Otto B. Eaton's, an' I must say she is a teaching o' fiddle different from what they done when I went to school."

Yesterday I an' Maggie Zeen went up to visit the school, an' I was terrible intrusted. When we went in the teacher was a riling a word onto the black board which it were "dogma." An' then she says, "Now, Sam Slapper you may go to the board an' rate a sentence a-using the word which I have jest tote on the board," says she. So Sam he walked up reel brisk an' it out, "Our old dogma kill a cat."

It's a Queer World.
It is said that barking dogs do not bite but we suppose that can't be the reason we never come home with a big string of fish as we never heard of barking fish.

Did You Know?
That balata is the product of the bullet tree? This is a huge forest tree ranging from Jamaica and Trinidad to Venezuela and Guiana. It grows to a height of 120 feet and has a bark of spreading head. The bark is about half an inch thick. The wood cutters

of Guiana regard the tree as inexhaustible. A tree of average size yields three tons of milky latex, which is dried in wooden trays, and then removed in strips and hung up to harden. Balata is regarded by manufacturers as a superior kind of gutta-percha. It has the elasticity of India-rubber and the durability of gutta-percha, without the intricability or brittleness of either. Its strength is very great and it is unequalled for bands for machinery.

All Gone.
Gone, gone those gay Ford stories now. Gone with those sons of Bacchus, The cheery, barroom humorists. Who on the backs did whack us! —Kansas City Star.

Gone, too, is he who found relief As days and friends grew colder In weeping out his maulin grief Upon the barkeeper's shoulder. —Cleveland Plain Dealer.

Each cloud a silver lining bath. However dark it may be, No more we need face white's wrath Because we've waked the baby.

Why?
"That Nature's use a man allows," Remarked old Farmer Thorns. "But why did she give gentle cows Such large ferocious horns?" —Luke McLuke

At joking Nature is a star, And that's why, I suppose, She gives the truculent jaguar An innocent snub nose.

Nerve.
"When I observe," said Adam Brown, "The jobs that some men have pulled down, I can't help thinking nerve sustains An inverse ratio to brains." —Newark Advocate.

It may be nerve as you, ah hem, Suggest these sell same fellows have. But I would say, nine-tenths of them, Are first class spreaders, sn, of, salve. —I. G.

Married Strangers

A powerful story dealing with a problem being worked out in thousands of American homes to-day—that of the husband and wife who find they grew apart while the man was off to war.

XVII.—Home at Last.

They left New York next day. To Keitha home seemed so cool and sweet and restful after the overhot city and the endless excitement. She was eager to get back to work again.

Her little maid had been as good as her word and the apartment was cool and airy with bowels of Keitha's favorite flowers set in every available corner. Keitha felt the glow of home coming and proprietorship as she glanced about.

The breakfast table this morning pleased her dainty taste. The cool, pale green china and the shining damask with a bowl of vivid nasturtiums were an appropriate background for a well prepared breakfast. The broad bay-windows, before which the table was laid, opened out on a carefully tended garden where there was green sward and flowering shrubs and trees with softly shining leaves dispelled the hint of autumn.

"Hello!" Captain Bennett greeted her as she sat awaiting him at the table, been wandering all over your palatial domain trying to find a breakfast room. You don't mean to say you eat in the sitting room?"

"Why yes, of course," Keitha replied in surprise. "It's only breakfast, you know. I lunch near the office and dine in the cafe downstairs. They have rather good food."

"But great Scott, it's so provincial to live like this," protested Bennett. "It may be all right for a bachelor girl, but what married couple wants to do it? Well, take a house some place in the suburbs, preferably near the country club for golf in the afternoons," he decided.

But, Lester, that's so beastly inconvenient for our offices, even with a car. My office, you mean?" he corrected. "I don't mind, I never have to get down before 10."

Keitha bit her lip. Every plan, led directly to the question of her abandoning her work. The issue, unconquerable as a perpetual challenge between them.

Lula has prepared a light breakfast," said Keitha a trifle wearily. "Do you wish bacon and eggs?"

them out. But so much bad spirit has been shown in these times, that one can never tell what is going on under the surface.

A cartoonist displays a picture showing a candle burning at both ends, one end tagged "Higher Wages" and the other "Lower Production." To some people the candle looked more like a giant and heavily loaded fire cracker, with the fuses getting mighty short.

TO SEE WILSON ABOUT MEXICO

Senate Decides to Send Two Members to President's Chamber to Lay Situation Before Him.

Washington, Dec. 5.—Steps to obtain a personal interview with President Wilson before framing a senate policy in the strained relations with Mexico, were decided on yesterday by the foreign relation committee.

The decision was made after Secretary Lansing had appeared before the committee and, it was said by members, had disclosed that because of the President's illness he had not been consulted by the state department in its handling of the recent developments which have brought relations between the two governments to a serious stage.

At the White House last night the President's physician, Dr. Grayson, said he saw no reason why the committee's representatives, if they urgently desired it, could not see Mr. Wilson. It was indicated that the two members selected, Senator Earl, Republican, New Mexico, and Hitchcock, Democrat, Nebraska, would endeavor to do so.

In deciding to take its problem directly to the President the committee divided along party lines, six Republicans voting for the proposal and five Democrats opposing it. The action came at the end of the day of discussion of Senator Fall's resolution, which would ask the President to withdraw diplomatic recognition of the Carranza government.

GAINED 15 POUNDS IN THREE WEEKS TIME ON DRECO

Formerly Had to Get Up so Many Times During the Night Felt Like Not Going to Bed at All

Since Dreco Took Hold on Him He Sleeps All Night Long.

"It is great to feel strong again so that you don't have to walk with cane to support you," declared Mr. S. X. Paulk, Co. 25, National Military Home, Dayton, O.

"My strength has gone up 75 per cent and I have gained fifteen pounds in weight in the last three weeks since I've taken Dreco. One thing that kept me weak was getting up so many times during the night with my kidneys and breaking my rest. It got so bad that I felt that there wasn't any use of going to bed at all.

"Three bottles of Dreco got me where I could walk a couple of miles without getting tired. I can climb stairs without getting short-winded at all. I don't take cold like I used to even on sudden changes of weather. Dreco is great medicine and I know a lot of my comrades out here who are taking it purely on the record of what it did for me."

Dreco has been called "The Ideal Tonic," both for old and young. It builds up the whole system so that you resist many things that otherwise we would suffer from.

Dreco aids in digestion, gives strength to the kidneys, rouses a lazy liver, overcomes constipation, banishes rheumatism, increases the appetite and induces sound sleep.

All good druggists now sell Dreco and it is highly recommended in Newark by Evans' Cut-Rate Drug Store.

LEAGUE TEAMS MUST REPORT ALL ELIGIBLES

Managers of the eight basket ball teams in the Industrial Basket Ball League at the Y. M. C. A. have been advised that by tomorrow night the eligible list of all their men must be in the hands of Industrial Secretary Greaser. Any delinquent team will be dealt with by the athletic council. As the "21 day" clause goes into effect after tomorrow the council will have a right to rule that the whole delinquent team be affected by the "21 day" rule.

The secretary announces that a new league ball has been ordered and is expected to arrive in time for the games Tuesday night.

For special practice Greaser expects to arrange to have one industrial team play each week-end against some Y team or some other shop or store team, the results of the game of course to have no bearing on the standing in the industrial league.

JUST WHAT IS A SEVERE COLD?

A cold is a congestion. A congestion means that some place in your body the circulation of the blood is being impeded. A fever exists which may have become general and every moment of it sees a weakening of your strength. You can't keep well if you're suffering from colds.

You needn't get colds, either, unless you want to. There is no necessity of that cough racking you or of the headaches and pains that distress you. Duffee's Cough Syrup for thirty-five years has met just such conditions and conquered them. It is the old reliable family remedy in thousands of households, and it has won its way solely through its merit.

Go to your druggist or your grocer and get Duffee's Cough Syrup. Use with Duffee's Fifty-Fifty Tonic Laxative. It will break up the most severe cold, relieve the coughing and ease the pain quickly, thoroughly and without harm, for its ingredients are all helpful.

The most delicate need not fear to take it. Fortify yourself against winter's attacks with Duffee's Cough Syrup.

"My best Christmas gift— more leisure all year"

EVERY home should have its Hoosier, for every housewife deserves the many benefits it brings. And there's no more fitting time to get it than at the Christmas season.

The gift of a labor-saving Hoosier expresses the intimate thoughtfulness every home-maker appreciates. It makes her work easier and more enjoyable all year. It makes her workshop more attractive and adds to the pride of home.

Surrounded by many patented conveniences found only in the Hoosier, the housewife sits at her

work instead of walking to and fro. Thus she saves miles of steps.

Because utensils and supplies are centralized in the Hoosier, much work is saved. By preventing waste in measuring and mixing foods are saved.

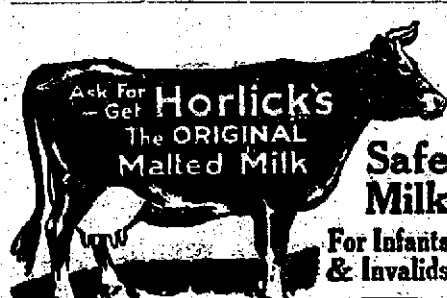

If your kitchen still lacks this greatest convenience when Christmas has passed, come and see a demonstration. But don't hesitate to let it be known that a Hoosier for Christmas would please you most.

Hoosier prices are moderate. The terms are convenient. Many fine models to choose from.

FOR THOSE OHIO FOLKS WHO SUFFER FROM COUGHS, COLDS OR BLOOD DISORDERS

Elvira, Ohio.—“I can highly recommend Dr. Pierce's Golden Medical Discovery as a household remedy for deep-seated coughs and colds and as tonic and builder in run-down conditions. Golden Medical Discovery has been of great value to me and to my family for years and it is a pleasure to recommend it.” Mrs. EMMA VOSBURGH, 223 Rush St.

Conneaut, Ohio.—“To any person suffering with blood disorder or a scrofulous condition I do not hesitate to recommend Dr. Pierce's Golden Medical Discovery. Last year my grand-daughter had a scrofulous swelling develop on her neck just below the ear. The doctors ordered her to go to the hospital to have it lanced but I advised her to take the ‘Golden Medical Discovery’ instead, and this medicine cured her from within, instead of having to submit to possibly serious results from lancing. Her whole system seemed to be greatly benefited by the ‘Golden Medical Discovery’; it did her so much good. We are most enthusiastic in praise of the ‘Discovery’ and do not hesitate to recommend it at every opportunity.” Mrs. MARY H. RINE, 735 Maple Ave.

Akron, Ohio.—“Several years ago I was afflicted with liver trouble, nervousness, bad stomach and headaches. I began to use Dr. Pierce's Golden Medical Discovery and Pleasant Pellets. Very soon afterward I found an improvement had taken place. Whenever I get out of Dr. Dr. Pierce's remedies give relief. I do not feel safe if I do not keep them in the house at all times.” JOHN M. FERTILIZER HELPS TO RENEW OLD PASTURES

While farmers as a rule have given
particular attention to the fertilization
of farm crops, such as corn, wheat and
oats, not enough attention is being
paid to the permanent pastures of the
state to make them most profitable,
according to investigations conducted
at the Ohio Experiment Station.
Many of the permanent bluegrass
pastures of the state have almost dis-
appeared, it is said, due in some places
to neglect and attempting to carry on
other agricultural operations.

A significant fact in experimenting
with pastures show that they may be
easily fertilized and renewed by apply-
ing acid phosphate at the rate of from
200 to 300 pounds per acre and also
topdressing with limestone at the rate
of 2 to 3 tons to the acre. From this
treatment many of the better grasses,
including bluegrass and clover spring
up and produce good growth.

Bluegrass pastures at one time were
famous throughout central and west-
ern Ohio and it is believed that they
can retain their highest productivity
by careful fertilization and manage-
ment.

tomologist at the Ohio Experiment
Station. A number of specimens were
found last July near Ravenna, which
were first thought to be the European
corn borer, they have been identified
by America's most competent author-
ity to be the closest known relative to
the European species, but comparatively
harmless to the corn crop, accord-
ing to Mr. Gossard.
A careful watch will still be main-
tained by entomologists over the Ra-
venna neighborhood next summer.
The European species has done much
damage in sections of New York and
Massachusetts.

BURN FENCE ROWS TO DESTROY CHINCH BUGS.

That the late fall and early winter
is a good time to destroy hibernating
chinch bugs in the opinion of the de-
partment of entomology at the Ohio
Experiment Station. At this time of
the year, chinch bugs, hibernate in
the weeds, grass and dead grass.
When these are burned many of the
bugs are destroyed, so that the out-
break during the following summer is
lessened.

In sections where the chinch bugs
are plentiful, a co-operative burning
program on the part of all farmers is
necessary as this will destroy many of
the insects that otherwise would pass
safely through the winter and produce
a large brood in the early summer.

An attachment to eject the burned
end of a cigarette features a new cigar
holder.

LIFT OFF CORNS WITH FINGERS

Few Drops of "Freezone," Then
Corns Lift Off—No Pain!

A tiny bottle of "Freezone" costs so
little at any drug store; apply a few
drops upon any corn or callus. In-
stantly it drops out, then shortly
you lift that bothersome corn or callus
right off with your fingers. Truly! No
humbug!

SHE SUFFERED FIVE YEARS

Finally Restored to Health

Many women at some period in their
life suffer from ailments peculiar to their
sex and which in most cases may be
readily relieved by this famous root and
herb medicine, Lydia E. Pinkham's
Vegetable Compound, just as Mrs.
Camus found it helped her after suffer-
ing for years and trying everything else
in vain.

If you have any annoying symptoms
you fail to understand, write Lydia E.

ARE THE COAL OPERAT- ORS PROFITEERING?

The amazing statement of ex-Secretary of the Treasury McAdoo that the profits of bituminous coal operators ran as high as 2,000 per cent in 1917, and his implied charge that they still are profiteering at the expense of both the public and the miners, has started a pretty rumpus in the editorial columns of the nation's press. The United Mine Workers' Journal thinks that Mr. McAdoo's statement is vindication for the miners in their claim that operators "could grant a substantial wage-increase out of their profits without increasing the price of the coal to the consumer." Mr. McAdoo's implications are false, reply the operators, and his "misleading statements and insinuations are the kind of stuff which Bolshevism breeds upon," while the Philadelphia Public Ledger recalling a clause of the Revenue Act which makes it unlawful for a Treasury official or agent to divulge confidential information which comes to him in his official capacity, asks significantly, "Will William Gibbs McAdoo be able to run for the Presidency if he is in jail?"

The leading article in THE LITERARY DIGEST for December 6th discusses the question as to whether the coal operators have been taking undue profits from the public, and presents opinions from all quarters bearing upon the subject.

Other news features in this week's number which are of keen interest to the public include:

FOR DECEMBER

— ARE HERE —

Here are some very good numbers we want you to hear—

No. 18619—Blues (My Naughty Sweetie Gives to Me) 85c Sweet Kisses

A fine record by the young comedienne who went on at a Winter Garden Concert one night and carried away the house. If you heard her last month's record,

No. 18613—"Sahara" and "Nobody Knows," you will want to hear her in this month's records.

No. 18618—"Tulip Time" and "Yellow Dog Blues" are two of the best Fox Trots that Joseph C. Smith's Orchestra have ever made and are equally as good as

No. 18532—"Mickey" and "Kisses" by Smith's Trio.

YOU CAN GET THESE AND ALL THE OTHER GOOD VICTOR RECORDS FROM US.
A COMPLETE STOCK OF
RED SEAL RECORDS

By Caruso, McCormack, Krasner, Elman, De Gogorza, Galli-Curci, Gluck, Tetrassini, Schuman-Heink, Maud Powell and hundreds of other leading musicians at \$1.00, \$1.50, \$2.00.

A Victrola for Christmas!

If you want your family and friends to hear the greatest music by the greatest artists exactly as the artists themselves sang or played it, the Victrola is the only instrument for you. The most famous artists of all the world make Victor Records—and the Victrola is the only instrument specially made to play Victor Records.

Any style Victrola you select will play perfectly any of the more than 5,000 records in the Victor Record Catalog—will play for you the superb interpretations of the world's greatest artists exactly as they heard and approved their own work.

Get a Victrola! Get it for Christmas! On easy payments, if desired. The ideal Christmas gift—more than a Christmas gift—a source of pleasure for the entire family throughout the years to come.

CHURCHES WILL DROP COMPETITION

Co-Operation of Religious
Denominations Will Be
Result of Inter-Church
Conference Held in Columbus.

Licking county delegates who attended this Columbus conference of the inter-church world movement, will immediately get under way the work of disseminating the information and plans for the local application of the principles of the inter-church movement. These contemplate co-operation among the churches rather than competition, a direct survey of all big problems, including over-churching and under-churching, consideration of labor difficulties, higher ideas in business and social life, and a more extended program in both the home and foreign mission fields.

The conference was described by local people who attended, as the most important religious gathering ever held in Ohio. Rev. Calvin C. Hazlett, Rev. W. E. Herbert and Dr. C. H. Stull attended the conference.

Mrs. R. S. Emerich, who for five years has been in charge of Armenian relief work in Macedonia, Dr. Ernest Burton of the University of Chicago, Dr. E. E. Burton, college pastor of Westerville, Ohio, of the United Brethren church, Dr. John McDowell of Baltimore, in charge of Presbyterian work, Dr. E. Lampe of Philadelphia, head of the board of missions of the Reformed church and Dr. J. Knox Montgomery of Muskingum college, representing the United Presbyterian church were among the speakers.

"Islam is sweeping the earth, and the American churches must increase activities at once to counteract its dominance here," declared Mrs. Emerich in her address on foreign work. "In the last ten years, there have been far more conversions to Mohammedanism than Christianity, and we must strengthen our forces in the foreign field."

Dr. W. G. Clippinger of Otterbein college, Westerville, said, "I am speaking for all the colleges of the state, and there are 44 of them when I say that they heartily endorse the inter-church movement, and will do all in their power to assist it."

Dr. A. E. Cory, associate service secretary of the Inter-Church World Movement, expressed the opinion that the church must have some voice in the present economic and social unrest, or at least must consider it. "The time has come," he said, "when there is a moral issue involved in this social unrest, and the church can never be silent on any moral question. The Methodist church, the Presbyterian church, and the Baptist church have voted in favor of collective bargaining, and our discussion will show whether or not we as a church body shall endorse it."

The conference endorsed the Community church as a social center, and a means of breaking down denominational barriers.

Tuesday mornings session of the conference endorsed universal marriage and divorce laws for the United States. There was a heated discussion over the indiscriminate methods of performing marriage ceremonies by the clergy of the country. It was the belief of some of the ministers present that no marriage should be solemnized by any person not authorized by some church organization, and that all justices of the Peace should be dispensed with.

The raising of the question of whether ministers should perform ceremonies for persons who have been divorced, brought out the point that in Shelby county, the Ministerial Association has agreed that no minister will perform the marriage ceremony for a divorced couple, except those who have been divorced on scriptural grounds.

All of the 88 counties of the state were represented by the 300 delegates attending the conference.

ARGUES THAT MOVIE IS NOT AGAINST LAW

Columbus, Dec. 5.—Questions as to whether a motion picture show is a theatrical performance and prohibited by law from being shown on Sunday was argued before the supreme court of Ohio yesterday in the case of Harry W. Cross of Lima, who filed a motion to appeal the case in which he was convicted in the Miami county courts and fined \$100 for operating a picture show on Sunday. A decision of the court distinguishing motion picture exhibitions from other theatrical performances would permit Sunday movies.

RUSH REPAIRS ON BASKETBALL GYM

It is probable that the high school basketball gym at Fourth and Church streets will be ready for use after the Christmas vacation. A. C. Baldwin states that it will be necessary to put iron rods from side to side to make the building safe, and it is probable that it can be made safe for use as a basketball hall. The work will be started immediately and will be pushed as rapidly as possible.

As soon as the repairs are completed the building will be inspected by state authorities.

AUTO TAX BILL LOST IN HOUSE

Effort May Be Made to Reconsider Measure Next Week—Oppose Plan For County Distribution.

Columbus, Dec. 5.—Legislators yesterday went home to remain until Tuesday, somewhat hot under the collar over the defeat of the graduated auto tax bill in the lower house.

Effort to reconsider, modify and pass it will be made next week.

After the vote yesterday, factions were blaming each other for failure of the measure. The vote was 44 for to 40 against, with 38 not voting. It requires 63 to enact. The affirmative vote was largely rural.

City members were opposed to it because the Corn Stalk Club succeeded in amending it so as to divide the 50 per cent of revenues for local purposes between municipalities and townships, instead of municipalities and counties, with provision that the money might be spent on any public road instead of only on improved roads.

Some rural members also, as well as some city men, were opposed to the distribution of taxes through county auditors, even after the auditor's fee per set of tags was cut from 20 to 10 cents.

Secretary of State Smith, whose department now has the distribution of tags, was opposed to the county auditor's fee. He declared he has more applicants now, such as auto clubs, boards of trade or banks, who want to be deputized as his agents, doing the work free of charge, than he can accommodate.

TOLEDO CARS WILL RESUME TRIPS TODAY

Toledo, Dec. 5.—After walking and riding in busses for 27 days at 10 cents or more per ride, Toledo will get back today to the old system of using street cars as a means of transportation.

Resumption of service will begin at 2:30 p.m., it was announced this morning by Henry L. Doherty who stored his vehicles in Michigan when the people sustained a council order ordinance at the last election. Interurbans will begin using the streets at 6 p.m.

The fare is to be the same as when the cars were taken away six cents and two cents for transfer.

HEALTHY, ROBUST PEOPLE POPULAR EVERYWHERE

Good Health Creates an Attractive, Magnetic Personality and Wins Admiration.

Healthy People Are Happiest

Pepto-Mangan Has Put Thousands Into the Healthy, Full-Blooded Class.

How the red-blooded, energetic, and attractive man or woman is envied by those who feel that it will always be their unfortunate lot to be thin, pale, and weak-bodied!

And yet why continue to envy men and women who possess a vigorous, healthy physical condition and an attractive, magnetic personality? Poor health and lack of vitality are often merely the results of impoverished blood.

Gude's Pepto-Mangan is for people whose bodies suffer from lack of proper blood, nourishment. Pepto-Mangan enriches the blood and increases the number of healthy red blood cells, which are so necessary to carry the proper nourishment, vigor, and strength to every part of the body.

Physicians introduced Gude's Pepto-Mangan to the public because they knew that it contained the very properties that are so sorely needed to build up thin, watery blood. For your convenience Pepto-Mangan is prepared in two forms, liquid and tablet. Both contain exactly the same medicinal value.

Insist on the genuine Pepto-Mangan. To be sure you are buying the genuine Pepto-Mangan, ask your druggist for "Gude's." And be sure the name "Gude's" is on the package.

CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1-4 pint of hot water and a 4 little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial.—Adv.

It takes only one-tenth of a drop of oil to keep all of the machinery of the watch in good running order for a year.

You Can Tell Piano Records From the Harp and Banjo on

The CHENEY

Limitations upon tone reproduction have always seemed most evident in piano records.

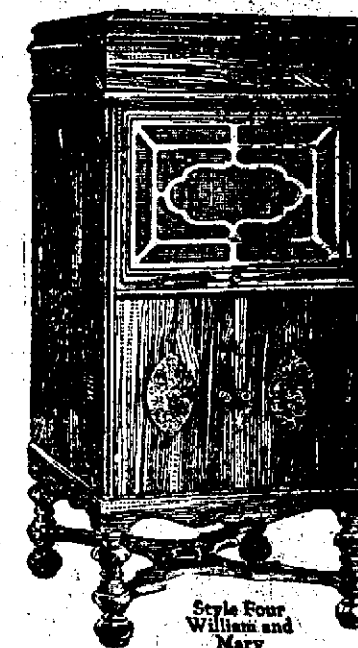

For some reason, the piano has sounded like a harp or banjo.

On The Cheney a piano record is surely, certainly, unmistakably a piano record. There can be no confusion, no question. It seems to reflect that undefinable difference in quality of tone which a piano has.

A most remarkable series of inventions enables The Cheney to reproduce all tones that were recorded with utmost purity and sweetness.

It adds quality and richness to vocal, instrumental and orchestral records in like measure. Overtones heretofore hidden, are revealed. Records take on new beauty. It is a remarkable improvement—one you can obtain only in The Cheney.

PRODUCTION

A TAPESTRY OF LIFE, WOVEN FROM THE
BLOOD-RED THREADS OF SIN AND
GOLDEN CORDS OF TRUTH

To My Movie Friends and Patrons:
I saw "The Miracle Man" in Columbus a short
time ago and immediately booked it for Newark,
and I want to say:

There is something about this play, this play
of human beings—AND A GREATER THING—
that makes one speak of it, not in the language of
the theater, but in a tongue that searches the soul
for words to give it meaning. In it are dregs and
the wine of humanity—flesh-and-blood men and
women—some bad, some good—sinning, strugg-
ling, loving, failing, achieving—and with them
goes hand in hand that SOMETHING which
some men call GOD and some call TRUTH.

The cast includes Thomas Meighan, Betty
Compson, Lon Chaney, J. M. Dumont, W. Lawson
Butt, Joseph J. Dowling and others.

I would like to have every person in our beau-
tiful city see it, for it teaches a most wonderful les-
son. Yours for good amusement,

GEO. M. FENBERG.

Maytime Tonight.
There is much genuine sweetness,
quaintness and pathos in "Maytime,"
which will be the attraction at the
Auditorium theater tonight, as well as
heaps of fun and pretty girls. The
action begins with the love affair of
Otille Van Zandt and her father's
apprentice, Richard Wayne, in the
Washington Square home of the Van
Zandts in 1840. The young lovers are
separated by a stern parent and the
girl married off to an unspeakable cad,
but an apple tree, planted before their
separation, over a jewel case with
their pledge of undying love, which
they had buried in the ground, grows
and casts its shadow over the house
and its influence over the story for
three succeeding generations. "May-
time" reaches its climax in our own
busy time when the grandchildren of
the original lovers meet and marry.
Because its four acts or episodes are
laid in such different eras as 1840,
1855, 1880 and 1910, "Maytime" has
been staged in an appealingly pic-
turesque fashion, the chief characteristic
of each period being accurately repro-
duced.

Although the advance sale is large,
there still remains many choice seats
on the lower floor. This is an attrac-
tion that none should miss.

Lasca.
The first local showing of "Lasca,"
a recent Universal production directed
by Norman Dawn and played by a
notable cast, featuring Frank Mayo and
Edith Roberts, is announced for the
Auditorium theater tomorrow Saturday.
"Lasca" is based on the famous poem
by Frank Desprez, adapted for the
screen by Percy Heath, and produced
by Universal on a lavish scale.

The film of "Lasca" required more
than ordinary attention to detail, for
there is scarcely an American who has
not read the poem, recited it, or com-
mitted it to memory, and has not here-
before pictured indelibly in his mind the
figure of the cattle-ranger who lives in
Texas, down by the Rio Grande, who
worshipped the young ranchman at
whose side she delighted to ride—who,
a mixture of lovely saint and petulant
imp, finally sacrificed her young life
to save that of the man she loved.

The scenes of "Lasca" are laid on
both sides of the Rio Grande. It shows
the life of the Mexicans as well as that
of the Texans and gives a picturesque
view of the wealthy frontiersman's ex-
istence during the most colorful period
in the history of the Lone Star State.
Pathe News is an added feature.

Miracle Man," which was made by
George M. Cohan into a Broadway play
a few years ago, has been remade into
a very effective film and last night re-
ceived generous applause at the Co-
han theater. To most New Yorkers
the theme of the play is familiar—the
power of a patriarchal beater, blind,
deaf and dumb, but of infinite good-
ness, to effect a transformation in the
characters of a small group of East
Side toughs who have planned to uti-
lize him for their own evil purposes.
It is a theme that exerts in the hands
of a great writer is more easily ex-
pressed without words than with them.

Few who saw the film play last night
and who had previously read the novel
or seen the spoken drama but would
admit that the screen was superior.

The acting was excellent, the photo-
graphic work was for the most part
admirable, and, above all, the scenario
had been very skillfully prepared.

"The Miracle Man" starts a four day
screening Sunday at the Auditorium
theater. Owing to the Memorial Ser-
vices at that playhouse on that day,
the picture screening will not begin
until 4:30 p.m.

Up in Mabel's Room.
How "Up in Mabel's Room" came to
be produced.

The selling of "Up in Mabel's Room,"
the famous New York force success,
which will be presented at the Audito-
rium theater on Thursday, December
11 for an engagement of one night to
A. H. Woods by its author, may be
taken as an excellent lesson on how
to dispose of a play by aspiring
dramatists.

Wilson Collison, an unknown literary
man on Broadway, had a play.
That is, he thought he had a play.
Like hundreds of his fellows he car-
ried his manuscript from office to of-
fice, sent it to agents, had it read by
actors and actresses, offered it for pub-
lication in magazines and to no avail.
It was invariably pushed aside or re-
turned with thanks.

One day, while standing at the cor-
ner of Forty-second street and Broad-
way talking with an acquaintance, his
attention was called by his friend to
a man hurrying by.

"There goes Al Woods," said the
acquaintance; "the guy who put the
'proof' in production."

Collison dropped his friend like a
hot cake and began to trail the noted
theatrical manager. The author read
his play. When it was finished Woods
said nothing. He merely drew out his
check book, wrote out a check and
handed it to the playwright. That
young man's eyes all but popped out
of his head. It was for \$1,000 on ac-
count of advance royalties.

Richard Carle in "Sunshine."
Richard Carle, the unique American
comedian, appears this season in Alex-
ander Johnstone's successful musical
comedy, "Sunshine," which is built on
different lines than the usual musical
comedy inasmuch as the music is of
the kind that borders on the light opera
vein. The book, by William Carey
Duncan, contains a real plot and has
an abundance of clean and wholesome
comedy. The music throughout has
tone. It bears the impress of good
taste. It will appeal to people of re-
finement and discrimination.

"Sunshine" comes to the Auditorium
on next Friday evening.

ALHAMBRA.
Pauline Frederick.
"Oh! Help! I'm dying!" ooh!"
Is there a woman in the world who
has not screamed these words, gath-
ered her skirts about her ankles, and
trembled with fear? It is possible there
are a few, but to those who know this
inevitable fear of a mere mouse, will
be given a chance to sympathize with
a fellow mortal on next Sunday when
Pauline Frederick, the popular, Gold-
wyn star comes to the Alhambra the-
ater in her new picture, "The Peace of
Roaring River."

Imagine a woman having spent the
night alone in a strange cabin far off
on a mountain, where the darkness
seems visible, and where thousands of
living, moving, screeching things sur-
round the lonely hut.

No wonder then, that Miss Frederick
as this woman in trouble, screams out
in fright as she is aroused from a
snooze on the table, when a mouse
starts nibbling at her hand.

A comedy, also Bray's Photograph are
also screened.

"The Midnight Patrol."
What would you do if you were
told to obtain one hundred large black
rats at short notice? That is what hap-
pened to Irvin V. Willat, who directed
"The Midnight Patrol," which Select
Pictures announces for the Alhambra
theater Monday and Tuesday. One
scene in this vivid story of police and
Chinese life shows a rat pit in which
200 large black rats are swarming.

The Chinese were about to throw a
young policeman into this pit when the
reserves broke into the underground
den and saved his life.

SOCIAL AFFAIRS

Wednesday evening Mr. and Mrs. Wesley Braden entertained with a surprise party at their home in Charles street, honoring the birthday anniversary of their daughter Chloë. She received many pretty presents. The evening was spent with games and music and luncheon was served the following: Misses Reva Burrell, Mary Davis, Lulu Hart, Thelma Klinger, Lorraine Dial, Marie Jackson, Gail Hainsworth, Glena and Helen Ferguson, Ruth Ewing, Marguerite Farmer, Delella Long, Anetta Southard, Edith Anderson, Orlena Hall, Florence Long, Annie Helen Evans, Searl Provitt, Dorothy Alexander. The hostess was assisted in entertaining by Mrs. F. C. McLarnan, and Mrs. C. M. Provitt.

Employees of the Rust Engineering company at Weiland's surprised Irwin Conn at his home in Eddy street, presenting him with several handsome gifts. The hours were devoted to music and games after which luncheon was served. Mr. Conn has been employed as carpenter foreman at the Weiland location and will be transferred to Heath by the Rust company.

Several women whose husbands are members of the Alladin Temple at Columbus are in Columbus today attending the women's Oriental Shrine ceremonial which is being held at the Southern Hotel.

Mrs. Norris Taylor of 589 Granville Road entertained Wednesday afternoon in honor of Mrs. Roy Vermilion and Mrs. Loat Tavener of North Franklin. Those present were: Mrs. Carl Mothershead, Perry Woodard, Stanley Wolfe, Walter Sherman, J. L. Watson, D. E. Dushimer, D. J. Taylor, Harold Hirst, H. E. Dunmore, Roy Hughes, Bert Watson, Roy Vermilion and Loat Tavener. Misses Madeleine Connerdick, Wolfe, Maggie Taylor, Edna Watson, Ruth Cooperider, Florence Cooperider, Marie Hirst, Clara Taylor, Gladys Boring, Margaret Osborne, Ethel Cooperider, Irene Sherman and MacKenzie Bale Sherman and John Carl Mothershead.

Mrs. George Upson entertained informally at bridge Thursday afternoon at her home in Hudson avenue. At the conclusion of the game the trophy was awarded to Mrs. Harry Chilcote. Mrs. Upson's guests numbered eighteen.

Milady's Boudoir

The Red Nose.

Of course cold and wind are responsible for a woman's red nose, but indigestion is the real factor in producing such an undesirable colored nose. You may detect this symptom if the nose becomes red and swollen. If it does you just avoid rich foods which tax digestive organs or the nose, while wholesome for others, are poisonous for you.

For example, mince pie and rich plum puddings can be eaten by many without any particular trouble, while others cannot taste even the smallest piece without noticing that the nose becomes red and greasy looking. If you have a tendency you must begin to diet even though you are deprived of many pleasures that you love.

All stimulants, including tea, coffee and chocolate are blacklisted. Simple, but none the less palatable foods, easy of digestion and assimilation should be chosen. Diet is the only remedy and it is the toll for eating things that the palate craves but the stomach loathes. Many women cannot touch vinegar without shortly after eating, having the nose assume a brilliant hue, and slight rash breaks out over the skin, accompanied by an itching sensation.

"Find out for yourself what things agree with you, what kinds of food your stomach will digest and stick to them closely. Never eat rich pastries, much candy or sweets and never eat late at night. A glass of milk, either hot or cold, with a plain or graham cracker, glass of cold water with a pinch of salt in it, can be eaten before going to bed and draws the blood from the brain to the stomach, which induces sleep.

The Selection of Perfumes.

The up to date woman not only has her favorite extracts and toilet water of the same odor, but her face powder, her soaps, her bath salts, her face creams and even the brilliantine which she uses on her hair, should exude the same fragrance. But great care should be taken that it is just a suggestion of the odor and not heavy and strong.

This is a very pleasant notion and is in the line with good taste, so that it is more than a mere fad. Many women select their favorite perfume and hold to it, and no more consider changing their favorite selection than to change the color which they have found it best suited to their skin.

Even bath powder can be found which will not clash with perfume already in use. The same care should be exercised in the selection of soap. Of course the white castle soap of good quality is always safe to use, but one can always find a soap that is pure and scented with their own own perfume.

How many women, I wonder, enjoy the luxury of a perfume sponge bath? It is easily managed and will never be forgotten when once you have tried it. This is the way it is done. After the ordinary warm bath, moisten a wash cloth in fairly hot water and then wring out, not too dry. Now sprinkle this with your favorite toilet water and rapidly draw it over the body. The result is exquisite and lasting, besides being refreshing and excellent to the skin.

Once a week it is well to use bath salts in the morning bath. This acts as a tonic to the skin and helps to soothe tired nerves. A tablespoon of salts to a tub of water is the right proportion. More can be used if you wish it very strong.

Our Boys and Girls

One family I know has solved the problem of a fitting playroom for the children, by using the living room and yet it seems like a separate room. At right angles to one of the long walls, bookshelves have been built shutting off a corner of the room and making it into a sort of alcove. Back to back are the cases for the books for grownups in the room, and in the alcove are the shelves for the children's books, with a broad, low table, around which the little ones gather with their paintings, sewing, reading and games.

It is understood that when father and mother are entertaining callers the games must not be too noisy, or too disturbing. If the children are playing anytime in the grownup portion of the room, they are easily summoned. The children's study, however, is the place for them to keep all their toys and books, and it is also the place for the living room in order to receive callers.

Much anxiety and expense might be avoided if mothers knew the first steps

SHE'S ONE OF FEW WOMEN FINANCIAL ADVERTISERS HERE

Mrs. Eleanor Germa.

Mrs. Eleanor Germa, advertising manager of the Los Angeles Trust and Savings bank, is one of the few women financial advertisers in the United States. Mrs. Germa claims that all truly successful advertising work is built upon an intimate knowledge of the nature of children and of their parents. She therefore adds that wifehood and motherhood are excellent training for the advertising woman.

In the treatment of their children's ailments. One of the most common in infancy is colic and may be recognized by the sudden sharp cry, accompanied by drawing up the feet, which usually feel cold. Place a warm, not hot, water bag against the feet and apply a warm flannel to the abdomen.

If this does not soothe the little sufferer, an emema of one cup of warm water, containing ten drops of turpentine, may be given to start the gas which causes the distress. Every mother should have her physician instruct her in giving enemata, for they will often avert a severe illness.

When children are languid and just a little ill, a careful restriction of diet and a simple cathartic will almost always bring them out of it, even if they should be coming down with some serious disease. This is the proper course in the early stages of illness. Watch the symptoms carefully, and if a high temperature or any unusual symptoms appear, send at once for a doctor.

We often see mothers whipping the hands or spanking the legs less than two years of age. A real rebellion in a child comes from a sense of personal injury and, no matter how faulty his conception may be, he has a moral right to an understanding of the reason for his punishment. To a child who is old enough to reason, mere submission to a demand, without the consent of the will, is worse than useless as far as the moral effect upon him is concerned.

There is no doubt that the average child begins to comprehend the meaning of mind at a very early age. Still, it is a revolting idea that such a child should be subjected to such a process as hardening of the sensibilities, which may result from frequent whipping.

Effective punishment is to see that the child always suffers the natural consequences of his acts. Girls should be treated the same as boys, except perhaps in the form of punishment. The boy is naturally more inclined toward the form of naughtiness involving actual disobedience or entailing physical results, then the girl, and this is always to be borne in mind.

Everyday Etiquette

"In meeting two young ladies, one of which is an intimate friend, and the other a slight acquaintance, in the lobby of a hotel, with whom should the gentleman shake hands first?" asked Harry.

"If one is nearer than the other, shake hands first with the nearer one. If both are equally near, shake first with the older. If there is much difference in the ages. If of about the same age, shake with your more intimate friend first," answered his older brother.

"Is it proper to have butter balls already on the bread and butter plates or is it better to place them on a butter dish?" asked Mrs. Newlywed.

"Have the butter in balls or in some neat form, already on the butter plates before the guests enter the dining room," answered her nearest neighbor.

Our Bounded Duty.

Man's bounded duty is everywhere and in all things to forward the progress of humanity. The supreme virtue is sacrifice—to think, work, fight, suffer, where our lot lies, not for ourselves but others, for the victory of good over evil.—Mazzini.

Ant-Farmers.

There are ants in Nicaragua that cultivate minute mushrooms for food in their underground homes by forming a compost from leaves of trees.

CITY FIREMAN L. A. M'KINNON FOR NERV-WORTH

Convincingly Reports That He Is Much Improved In Every Way.

One of Sidney's best known and most highly esteemed citizens is the giver of the following statement. L. A. McKinnon has been a member of the city fire department for 20 years and what he says has weight and force.

Nerv-Worth Co.—I have used some of your Nerv-Worth and find it very beneficial. I had stomach trouble. Gas formed in my stomach causing much bloating. My blood circulation was bad and at times I had dizzy spells. Since using Nerv-Worth I am much improved in every way.

L. A. McKinnon, Sidney, Ohio. In talking to the Nerv-Worth demonstrator about the matter Fireman McKinnon added to the above that his sleep was much more continuous and restful than before he began taking Nerv-Worth, making it unnecessary for him to get up as often in the night as before.

T. J. Evans sells Nerv-Worth in Newark. Neighborhood agencies: Utica Drug Store, Utica; C. B. Howard, Johnstown; W. E. Ullman, Granville, 12-3-5

Signs Of Disease

The First Signs of Disease are a Poor Complexion, Weakness, Emaciation and Lack of Vitality.

The first sign of returning health is increase of flesh, strength and vigor. Body weakness, emaciation and lack of vitality simply means that certain substances like iron, which go to make up the blood and nerves, have become exhausted; and to renew flesh, muscle and strength, the iron must be restored. Dr. Chase's Blood and Nerve Tablets contain iron in its most active and condensed form with such tonics as Nux Vomica, Gentian, Aloin, Capsicum and Zinc Phosphide which makes them a powerful flesh and strength maker and a wonderful restorative to the nerves, imparting the tint of health to the weak, emaciated, convalescent and over-worked. Sold by Druggists at 60 cents. Special, (Stronger more Active 90 cents.)

OHIO FUEL WILL TAKE BY-PRODUCT FROM GASOLINE

New Plant Will Be Located at Utica To Take Another Element From Gasoline.

The Ohio Fuel Supply company is extending its holdings at Utica and has taken a 20-year lease for from 10 to 30 acres of land adjoining the gasoline shipping station on the north and the west.

The company already maintains a gas pumping station and a gasoline extracting plant near Homer with a tankage and shipping station on the Fred S. Speery farm north of Utica.

The new location is to be the home of a chemical plant for the extraction of another by-product from gasoline. It is understood the output is to be useful in the compounding of varnishes and other trade products.

OHIO CITIES IS ACTIVE IN FIELD

The Ohio Cities Gas company continues its activities in the Licking county and adjoining fields. It has one location in Holmes county six in Coshocton and Pike county, 15 in Muskingum county, Jackson township, one drilling in Hopewell township, Licking county, one drilling in Bowling Green township, Licking county. The company also has a well down 120 feet in the shallow sand on the Kitz heirs farm in Holmes county, Killbuck.

WELL FLOWS 2000 BARRELS IN 20 DAYS

The production of the Crawford No. 3 on the Bert Crawford farm from November 10, when it was drilled to November 20, has been 1957 3-4 barrels. The well is owned by the Ohio Cities Gas company and is still flowing.

SWABS 90 BBLs. IN McMILLEN WELL

The Ohio Cities Gas company swabbed 90 barrels of oil from the well on the W. T. McMullen farm when they ran out of water. The well which is located in Licking township, Muskingum county, was shot Wednesday.

WAIT FOR CASING AT BOONE WELL

Boone 46 in Licking township, Muskingum county, for the Ohio Cities Gas company, is down 3100 feet, and was shut down when the drillers ran out of casing. The casing will be on the ground in a few days.

GETS 150 BARRELS ON MEYERS FARM

The well of the Carter company on the Meyers farm in Fallsburg township came in yesterday and is estimated at between 150 and 200 barrels. The Carter company made a second location on the Meyers farm last Friday.

LOGAN COMPANY BOOSTS RATES.

The Logan Gas company, which is not bound by any franchise in Utica, has announced new rates for gas for domestic service in Utica, to take effect December 20th.

For the first 5,000 feet, 48 cents per thousand with minimum charge of 90 cents net.

For the second 5,000 feet, 53 cents per thousand.

For the third 5,000 feet, 58 cents per thousand.

For all over 15,000 feet in one month, 63 cents per thousand.

On all quantities there is a discount of three cents per thousand for payment by the 10th.

EMERALD WELL SMALL.

The Emerald Petroleum company had a well in on the Milligan Dun farm north of Perryton yesterday. They got about 20 barrels.

TRY NEW TERRITORY.

The Ohio Cities Gas company is drilling on the Fair and Schuler location in Wayne county near Wooster. This is wildcat territory and the well is being watched with interest.

COMMISSIONERS TO BUILD JERSEY ROADS

The county commissioners after hearing delegations from Jersey township regarding road improvements agreed yesterday to complete 14 miles of improvements from funds secured from the additional two mill tax levy, completing four miles next year.

The roads to be improved are one starting at Deacon Jones' farm and running through to the first road west of Alexandria where it joins the Worthington road and on to the Franklin county line, and the other begins just a little west of Jersey village and goes straight through to Johnstown.

WOMAN HIT BY AUTO SUFFERS SCALP WOUND

Miss Bertha Weider, employed at the J. J. Carroll store, was injured Thursday evening about 5:30 when she was struck by a machine and dragged about 100 feet.

Miss Weider was crossing West Main street from the Arcade Annex and saw two autos coming east. She was blinded by the light and stepped out of the way of one and was hit by the other, driven by a man from Alexandria. He stopped the car as quickly as possible and took Miss Weider and Miss Louise Plet, who was near when the accident happened, to the office of Dr. J. P. H. Stedman.

Miss Weider suffered many scratches and bruises and had to have three stitches taken in her head. Later she was taken to her home in Jefferson street.

Beginning of Great Industry.

Plymouth was the first permanent white settlement in New England and dates its founding from the landing of the Pilgrims, December 21, 1620. The iron works on the banks of the Saugus river, established in 1643, were the first iron works in America. A small iron pot cast there in the first forge in America is now the property of the city of Lynn and is in a glass case in the Lynn public library.

ELKS' MEMORIAL TO BE HELD ON SUNDAY

The program for the Elk Memorial service at the Auditorium theater Sunday afternoon will start promptly at 2:30 o'clock. The eulogy will be delivered by Attorney James Schaller and the memorial address by Randolph W. Walton of Columbus. A chorus of 12 members will furnish the vocal music.

singing four numbers during the afternoon. The public is extended an invitation to be present.

Nine members of the order have passed away during the year. Charles Hempstead, James M. McBurney, William B. Patton, James Linahan, Theo. Weissenbach, Charles E. Livingston, Dr. Hollis Sock, Benj. E. Rutherford and William C. Wells. In addition to these 92 others have answered the call since the lodge was initiated in 1898.

"Dependable Home Furnishers Since '79"

Open For Business Tomorrow

CARLILE'S--Newark's New Quality-Furniture store opens its doors tomorrow to the general public in the former Gleichauf location.

This new store is now completely remodeled and refitted with new fixtures throughout and restocked with clean, crisp, new merchandise. Its association with the Carlile Stores of Central Ohio made it possible to secure the greater portion of its new stock from the warehouses of this great chain of stores.

Most of this furniture was bought many months ago, before the big price advances. These price advantages go to the Newark Store, providing the means whereby the people of this community may enjoy owning real quality furniture at moderate prices.

It will be the policy of this institution to give Newark an up-to-the-minute, modern store where dependable, quality-furniture, equal to the best in our largest cities, may be obtained. Your dealings with us will immediately establish your confidence in our policies.

This big, new store will be under the personal management of Mr. Frederick Carlile, who will make his home in Newark. The opening of this store is rather coincident, as it is practically the same location where Mr. Carlile's grandfather started in the furniture business at the close of the Civil War.

With the opening of our doors tomorrow, goes our earnest invitation to everybody in Newark and Licking County to visit us. Make this store your headquarters, the place to meet your friends, to wait for cars or any other service we may render.

Your interest to review our immense stock will neither oblige you or result in later aggressiveness from us. Just feel at home and permit us to serve you in every way we can.

NOTICE TO TAXPAYERS

Tax receipts are ready for collec-
tion. There is a large number of per-
sonal receipts remaining unpaid for
former years; persons having such taxes
unpaid would do the county a very
great favor as well as the Treasurer,
by calling for same when paying taxes
this collection.
While every effort will be made to
accommodate parties paying taxes,
taxpayers are urgently requested to
call early and pay their taxes, and
thus save themselves and the Treas-
urer much time and trouble, and pre-
vent disagreeable rush at the close of
the season.

Glen Ellison is Coming.
Glen Ellison, the celebrated Scotch
entertainer, will give a concert at the
high school auditorium next Friday
evening, Dec. 12. This appearance of
the popular baritone will be a delight
to lovers of good music. The Stewart
Bros. & Alward company, in the Arcade,
are giving free admission tickets to
those who call. Tickets will be issued
in order of application, so long as the
supply lasts. Call, write or telephone
for them.
Church Supper.
The Philanthropic Sunday school class
of the Hanover M. E. church will enter-
tain with a bazaar and chicken supper
in the church dining room Wednesday
evening, December 10.
No Meeting Tonight.
There will be no meeting of the
Eastern Stars tonight owing to the
destructive effects of the fire in the
West Main street fire Thursday night.

Not Always Unlucky.
Friday has not been unlucky in his-
tory, if it is so considered by many. It
was on Friday, August 8, 1492, that Co-
lumbus set sail on his voyage of dis-
covery, and Friday, October 12, that
he first sighted land. Friday, Novem-
ber 22, 1493, that he reached Hispanola
on his second voyage; Friday, June
13, 1494, that he reached the contin-
ent of America. It was on Friday,
July 17, 1776, that the motion was
made that the United colonies are
and ought to be free and independ-
ent. Many more occurrences could be
ited.
First Mirror Was Water.
Brushes were probably invented
much later than the comb, but the
mirror, the one toilet article without
which woman could not exist, must
date from a very early period. Per-
haps a clear pool allowed curious wom-
an, a first view of her face, though we
must say that she is not the only vain
creature to exist, for a certain gentle-
man named Narcissus gazed at his re-
flection in the still water, and gazing
fell so in love with his beauty that he
pined away and died.

The Egyptian Barber.
The ordinary village barber of
Egypt bears a certain resemblance, in
so far as his profession goes, to the
barber-surgeon of ancient times in
England. He is authorized by law, af-
ter having passed an examination, to
perform vaccination, application of
leeches, cupping, simple dressings, but
is forbidden to order of prescribe med-
icines.

GOVERNORS TRY TO RELIEVE FUEL FAMINE

Chicago, Dec. 5.—Efforts of governors of at least 10 states to have sufficient coal mined to provide for domestic consumers and absolutely essential industries marked the progress today of the strike of bituminous coal miners.

Restriction has been placed on consumption of fuel throughout the country from New York City to the Sierra Nevada mountains as the general situation at the mines showed virtually no improvement and the miners maintained their attitude of hostility toward the proffered 14 per cent wage increase.

Effective at 12:01 Monday morning the most sweeping reduction of railroad service in history—reduction in passenger service of one-third in "train miles" on all railroads diverging west, south-west and northwest from Chicago—had been ordered. Regional directors of the central western, south western and north western regions intimated that that step alone would save 11,000 tons of coal daily. Other curtailments of railroad service were being considered today.

Additional industries faced shutdowns and more drastic conservation rules for cities that would bring them on a parity with Chicago and Kansas City today was surpassed at Chicago, which went on a 6 1/2-hour business schedule. Full force of the new restrictions here was expected to be felt today after much confusion yesterday, when they were only partly observed. At the mines the situation generally was unchanged. A small addition to the production was looked for, however, when Oklahoma put into effect the Kansas plan of daily producing several cars of coal—volunteer operation of mines under troop protection.

Preparatory to state operation 15 Missouri mines had been seized under a gubernatorial proclamation.

In Arkansas, volunteer operation of mining property was promised by the governor by Monday.

Michigan mayors anxiously awaited the outcome of the governor's efforts to bring about temporary settlement of the strike in that state.

Replies from the governors demanding that the mines open immediately on Fuel Administration Garfield's terms, terms of the final settlement revert to when the Michigan miners resumed work, was expected today.

In Tennessee, Governor Roberts had called a meeting for tomorrow of operators and miners to consider steps to end the strike without state seizure of the mines.

Relief for domestic consumers in Montana, where possibly the most actual suffering from the coal shortage has been reported, today was in sight with the announcement that coal was brought from Canada. State operation of some

Montana mines was planned as soon as sufficient volunteers had enrolled.

Shipments from the Kansas surface mines also were expected to relieve the situation in the western part of that state where many localities were reported out of fuel.

Portions of Wyoming and Nebraska still were without promise of immediate relief, however.

Except for the order cutting bunker coal from ships flying foreign flags, the first conservation measures along the eastern seaboard were in effect today with cutting off of the electricity for New York.

No train from the eastern divisions will be taken unless very necessary.

A. G. Hardin, regional director, declared, Chicago's downtown streets at night resemble those of a village as far as illumination is concerned, only streets being turned on.

The confusion prevailing yesterday in Chicago's downtown district due to misunderstanding of 6 1/2 hours business day rule was expected to be missing today, when virtually all business houses were due to open at 11 a. m. and close at 5:30 p. m. Office buildings were permitted to remain open only between 9 a. m. and 3:30 p. m.

CARPENTIER IS BEST LONDON EXPERTS SAY

London, Dec. 5.—Experts, commenting on last night's fight, in which Georges Carpentier of France, knocked out Joe Beckett of England, in the first round, concur in saying that victory went to the best man because of speed and cleverness.

"Beckett's manager says Carpentier 'brought off a million to one chance,' but the Daily Mail's critic accuses Beckett of 'sheer stupidity.'"

"Beckett had by a long way the best of the handiwork," this expert writes. "He was superior in height, weight, and reach. He is a great fellow physically, but the less said about his judgment the better. Perhaps he was overconfident, but anyway he gave his opponent a chance, which no novice would have offered. The blow with which Carpentier won was too simple for words. It could have been easily avoided and the counter to it would have been an extremely dangerous blow, yet Beckett walked right into the danger zone. What he did was simple and stupid, and there is no excuse for him."

After Carpentier had been carried around the ring, the Prince of Wales cordially shook his hand and congratulated him. The prince also shook Beckett's hand, saying:

"Better luck next time."

Blind men in Japan, instead of being led by a child or a dog, carry a whistle which they blow, and those who hear it leave the pathway free before them.

COERCION IS ONLY ARGUMENT FOR HUNS

Paris, Dec. 5.—Coercion is the only argument likely to make an impression upon the Germans and induce them to sign the protocol of the peace treaty, according to today's newspapers. It is said this conclusion was reached at the secret session of the council of five yesterday, at which Marshal Foch was present.

It is reported that the marshal undertook to execute the plan he drafted last June, the mere threat of which brought German plenipotentiaries to Versailles. During the meeting says the Echo de Paris, Premier Clemenceau and Marshal Foch stated that the unexpected departure of the German delegates from Versailles and the complicated questions raised by the enemy left no doubt whatever about the necessity of taking action.

The Petit Parisien says that Germany considers it has gone too far and that an unofficial note has been received from Berlin announcing that new negotiators will leave soon for Versailles.

The supreme council today considered further the note to be sent to Germany regarding the protocol but did not complete the document.

The secret meeting held by the supreme council yesterday, with Marshal Foch and General Weigand, the marshal's assistant in attendance, has provoked a great amount of speculation as to eventual military action across the Rhine in case Germany does not reply satisfactorily to the note regarding the protocol.

The American troops on the Rhine now number 12,000 men, no question has yet arisen whether they would participate in any action undertaken by the French and British.

DEMPSEY IS SIGNED TO MEET CARPENTIER

New Orleans, La., Dec. 5.—Jack Dempsey, heavyweight champion, already is under contract to meet in New Orleans the winner of the Beckett-Carpentier fight, Dominic J. Tortorich, fight promoter of this city, announced today. He announced that Nate Lewis of Chicago, acting as his representative, was due to arrive in London today to sign up Carpentier, the new heavyweight champion of Europe.

"I have Dempsey's contract to meet the winner of the Beckett-Carpentier fight in New Orleans, and I know Dempsey will keep his word," Tortorich said. Arrangements have been made to cable to Carpentier ten percent of his guarantee the day he signs articles."
